WORK EXPERIENCE

WELLS FARGO

8/15 - Present

FRAUD & CLAIMS OPERATIONS ASSOCIATE MANAGER

- Delivered stakeholder briefings for 150+ new hire induction, ensuring Day 1 alignment and accountability.
- Facilitated Code of Conduct sessions for 350+ employees, driving cross-functional engagement.
- Conducted pre-authorisation reviews on high-value claims, ensuring SOP and risk compliance.
- Developed seating plans for 400+ employees, delivering conflict-free allocation on time.

OPERATIONS ASSOCIATE MANAGER

- Led a 20-member documentation team, exceeding KRI goals, fostering career growth, and driving 8 promotions.
- Automated onboarding/off-boarding for 50+ teams via smart lists and access management, boosting compliance.
- Delivered RCA execution, audit readiness, and strengthened controls for high-risk functions.
- Created and presented business reviews and process walkthroughs to leadership, driving key insights.
- Supported the Scope Creep initiative as Settlements Ops SME, delivering operational data and managing change communication across teams.

WORK DIRECTOR

- Managed Home Preservation and Loss Mitigation teams; ensured cross-site coordination and SLA targets.

SUBJECT MATTER EXPERT

- Spearheaded virtual training for 200+ onshore staff; oversaw certifications, access, and quality feedback.
- Championed employee engagement and cultural initiatives, boosting site-level participation.

SENIOR FINANCIAL ANALYST

- Executed inventory planning during high-volume periods, stabilising workflows and operations.
- Conducted audits and processed loan documentation, ensuring compliance with investor policies and guidelines for loan approval.

FINANCIAL ANALYST

- Supported underwriting team with loan processing reviews; analysed defaults to issue payment notices and reminders to customers.
- Stepped in as acting lead to drive team huddles, ensure goal attainment, support process improvements, and deliver key reports.

ASSOCIATE FINANCIAL ANALYST

- Audited vendor work orders for foreclosure violations and inspections, enhancing loss mitigation and compliance.
- Handpicked by the Process Manager to lead training and collaborate with team leads to address process gaps and achieve business goals.

CONTRACTACORE

11/14 - 08/15

SALES COORDINATOR

- Researched and built a verified database of residential contractors across the U.S.
- Promoted platform benefits and onboarded contractors to expand the service network.
- Upsold ad space in the quarterly magazine to help contractors showcase their portfolio.
- Supported homeowner-contractor interactions, including job coordination and escrow-based payments.

ALTISOURCE

12/11 - 10/14

COMPLIANCE ANALYST

- Managed high-priority escalations from internal teams, CFPB, BBB, and executive leadership, ensuring timely resolution and full regulatory compliance.
- Conducted internal audits and file reviews; identified process gaps, implemented corrective actions, and provided processor feedback to reduce recurrence.
- Investigated complex claims through file research, ensuring investor protection and adherence to mortgage servicing guidelines.
- Collaborated with internal and external legal teams on compliance inquiries, prioritising responses and maintaining regulatory alignment.
- Led compliance reviews and monitoring programmes to detect unethical practices, enforce policy adherence, and enhance operational integrity.

WORK EXPERIENCE (CONTINUED)

ALTISOURCE (CONTINUED)

PROPERTY PRESERVATION COORDINATOR

- Acted as primary contact for regional vendors, managing queries, orders, and delivery follow-ups to ensure workflow continuity.
- Monitored vendor performance against SLAs and quality standards, setting monthly expectations.
- Maintained client SLAs through timely task assignments, workflow coordination, and proactive issue resolution.
- Handled inbound calls from borrowers, attorneys, and stakeholders, routing cases to appropriate teams after logging details.

ADITYA BIRLA MINACS (TUTOR VISTA)

08/10 - 11/11

ASSOCIATE

- Guided students and parents in selecting suitable online tutorial packages based on academic needs and goals.
- Provided support for navigating and using Tutor Vista's online tutoring platform effectively.

IDEA PROJECTS

- Collaborated with tech teams to automate workflows, reducing manual tasks and generating cost savings ($112 per team member).
- Submitted a project proposal to revamp enterprise training rooms — migrated from SharePoint to Microsoft Lists & Tableau with workflow integration, enabling seamless meeting booking and a live availability dashboard.
- Implemented attendance tracking via Microsoft Teams, Lists, and Tableau integrations to eliminate manual inputs.
- Designed one-click access revocation via AIMS entitlement grouping, improving compliance and operational efficiency.
